

SUBJECT INDEX

A

- Abortion, 361-79
 - contraceptive use and, 375
 - demographics of, 374
 - history of, 361-66
 - international perspective on, 378-79
 - laws regarding, 361, 366-71
 - morbidity and mortality from, 372-74, 378
 - RU 486 and, 376-77
 - sequelae of, 375-76
- Abortion rates
 - Swedish, 183-84
 - sex education and, 184
 - US, 183
- Access to medical care, 335-36
 - moral entitlement and, 337-38
 - rationing and, 338-41
 - resource allocation and, 337-44
- Accidental death
 - firearms and, 17-37
- Acrodermatitis chronica atrophicans
 - Borrelia burgdorferi* and, 86
- Adolescent health
 - anemia and, 318-19
 - athletes and, 222-24
 - disabilities and, 324-27
 - eating disorders and, 319-20
 - eating habits and, 310-28
 - energy intake and, 310-11
 - exercise and, 310, 313-15
 - fitness and, 313-15
 - heart disease risk and, 310-12
 - nutrition and, 310-28
 - obesity and, 309-10, 312, 315-18
 - poverty and, 316-19
 - pregnancy and, 320, 322
 - strategies to improve, 327-28
 - vitamins, minerals, water, and fiber and, 311
- Advisory Council on Social Security, 68
- Affective disorders
 - adolescent eating disorders and, 319
- AIDS, 281, 286-87, 336, 345-56
 - access to health services and, 352-53
 - bioethics and, 345-56
 - competing risks of death and, 281, 286-87
 - confidentiality and, 350

- education and, 349-50
- physician responsibility, 351-52
- quarantine and, 346
- reporting and, 348
- research and, 353-54
- screening and, 346-48, 354
- Akron Center for Reproductive Health v. Ohio*, 369
- Amenorrhea, 322-23
- American Medical Association
 - position on cost containment of, 487
- American Physician Payment Review Commission, 503
- Anabolic steroids, 323-24
- Anemia
 - adolescent, 318-19
 - exercise and, 319
 - poverty and, 318
- Anorexia nervosa, 319-20
- Arthritis
 - Lyme, 85-86, 88-89, 91, 95
 - therapy for, 95-96
- Atherosclerosis
 - childhood precursors of, 519-38
 - prevention and, 521

B

- Back pain, 141-53
 - chiropractic for, 146-48
 - cost of, 142-44
 - diagnosis of, 145-46
 - hospital care for, 146
 - occupational, 148-50
 - surgery for, 144-47, 150-52
 - failed back surgery syndrome and, 147
 - treatment for
 - active vs. passive, 142-52
 - consensus regarding, 144-46
- Bannwarth's syndrome, 86, 88
- Bioethics, 335-56
 - access to health care and, 335-56
 - AIDS and, 345-56
 - confidentiality and, 350
 - Forum on, 336
 - physician responsibility and, 351-52
 - rationing and, 338-41
 - research and, 353-54
 - screening and, 346-48, 354
- Bladder cancer
 - radon exposure and, 246

- Blood pressure
 - low-level lead exposure and, 125
- Borrelia burgdorferi*, 85-102
 - complications of pregnancy from, 90
 - Ixodes ticks and, 85-86, 97-102
 - Lyme disease and, 85-102
 - pathogenesis of, 93
- Breast cancer
 - radon exposure and, 246
- Bronchitis, 247
- radon exposure and, 247
- smoking and, 247
- Brookings-ICF Long-Term Care Financing Model, 69, 73
- Bulimarexia, 319-20
- Bulimia, 319-20

C

- Calcium
 - adolescent diets and, 311
- Canada
 - access to health care in, 481-514
 - cost containment and, 481-514
 - consensus development in, 44-45, 48, 52
- Cancer, 235-49, 459-78
 - bladder, 264
 - breast, 246
 - kidney, 246-47
 - leukemia, 246-47
 - lung, 235-49, 459-78
 - male reproductive, 246
 - melanoma, 246-47
 - pancreatic, 246
- Carpal tunnel syndrome
 - occupational, 543-47, 551-54, 562
- Catastrophic health care expense
 - elderly and, 67-68
- Ceramic fibers
 - cancer risk from, 460-78
- Cesarian section
 - American rates of, 189
 - income and access to, 507
 - Swedish rates of, 189
- Child development
 - low-level lead exposure and, 111-36
- Child health
 - Swedish experience in, 177-92

- Childhood**
 heart disease precursors in, 519-38
Child mortality
 Swedish, 181
Chiropractic
 back pain and, 146-48
Cholesterol
 elevated
 childhood precursors of, 519-38
 cross-sectional studies of, 531-33
 longitudinal studies of, 533-34
Coal Mine Health and Safety Act of 1969, 195-205
Coal workers' pneumoconiosis (CWP), 195-200
 surveillance of, 199-200
Cognitive development
 low-level lead exposure and, 111-36
Colchicine drug therapy, 152
Community mental health care, 1-13
 centers, 3, 5
Confidentiality, 350
Congress
 101st
 proposed federal ban on plastic handguns and, 36
 long-term care financing bills before, 67-68, 79-83
Consensus
 back pain and therapeutic, 144-46
Consensus development conference
 Canada and, 44-46, 48, 52
 Danish, 49
 Holland and, 44, 57-61
 National Institutes of Health, 44-47, 50-52
 Rand Corporation, 45-46
 Scandinavia and, 49
 Sweden and, 44
 UK King's Fund, 46
Consensus recommendation, 41-62
 criteria for qualification as, 52-54
 criteria for resolution of conflict and, 51-52
 dissemination of, 55-60
 evaluating production of, 43-44
 group membership for, 45-48
 mechanisms used to define consensus and, 52
 type of group judgment process and, 50
 values and, 50
Corporate power
 federal health care cost containment and, 164-66
 health care policy and, 157-73
 American press and, 161-64
Cost containment
 Canada and US and, 481-514
 North America in international context regarding, 490-91
 resource allocation and, 341-44
 universal health care and, 495-98, 514
Cotinine, 210-11
Criminality
 low-level lead exposure and, 134
Cross-sectional studies
 blood pressure and, 524-27
 cholesterol and, 531-33
Cumulative trauma disorder
 occupational, 547-63
- D**
Deinstitutionalization
 mental health policy and, 1-13
Denmark
 consensus development in, 49
Developing countries
 epidemiologic surveillance in, 257-78
 infectious diseases and, 262
 nutritional disorders and, 262
 smoking in, 386-87, 397-98
Diagnostic Interview Survey, 10
Diagnostic-related groups (DRGs)
 health services rationing and, 338
 trauma treatment and, 402, 420-21
Dietary Guidelines for Americans, 312, 327
Diffusion research
 tobacco use and, 383-84
Disability
 health care financing and, 67
 low back pain and, 141-53
 preventing, 148-50
 role of labor unions in reducing, 153
Disk
 herniated, 142-45
Dissectomy, 144-45
Diuretic abuse, 319-20
- Dunlop Group of Six**
 health care politics and, 159, 171
- E**
Eating disorders, 319-20
 adolescence and, 319-20
 self-induced vomiting, 319-20
Eating habits
 adolescence and, 310-28
 (See also Adolescent health, Nutrient needs, Puberty)
Elderly
 long-term care financing and, 67
 low-level lead exposure and, 134
Emergency medical services
 trauma systems and, 401-22
Endarteritis obliterans
 Lyme disease and, 89
Environmental health
 lead poisoning and, 111-36
Environmental tobacco smoke, 210-30, 383
 child health and, 213
 radon progeny and, 248-49
 worksite health promotion and, 210-30
Epicondylitis
 occupational, 545, 551, 562
Epidemiologic surveillance systems
 components of, 259-60
 developing countries and, 257-78
 microcomputers and, 257-58, 266-78
Ergonomics, 543-63
Erythema chronicum migrans (ECM), 86-88, 90-91
Estimable functions
 mortality rates and, 445-46
Ethics
 access to health care and, 335-56
 confidentiality and, 350
 HIV epidemic and, 345-56
 physician responsibility and, 351-52
 rationing and, 338-41
 research and, 353-54
 resource allocation and, 337-44
 screening and, 346-48, 354
 evaluation studies, 41-61
Exercise
 adolescent health and, 310, 313-16
 anemia and, 319

dietary protein utilization and, 310
obesity and, 316-17
Expanded Program on Immunization of the World Health Organization, 261

F

Family health, 177-92
Fibrous glass
 cancer risk from, 460-78
Firearm injuries, 17-37
 accidental death and, 18, 26-27
 economic burden of, 18, 36-37
 epidemiology of, 21-27
 homicide and, 18, 22-23, 25-29
 management of, 31-32
 prevention of, 17-37
 research needs regarding, 32-34
 suicide and, 18, 22-25, 27-29
 surveillance of, 21-22
Fitness
 adolescents and, 313-15
Forum on Bioethics, 336

G

Group judgment, 41-61
Growth
 exercise and, 309-28
 nutrition during adolescence and, 309-28
 (See also Adolescent health, Nutrient needs, Puberty)
Growth and development
 longitudinal studies tracking heart disease and, 519-38
Gun control, 28-29, 36-37

H

Hand-arm vibration syndrome, 543-45, 547, 554-55
Handguns
 injury prevention and, 17-37
 plastic, 36
Health Care Coalition, 159
Health care cost containment
 policy, 157-73, 481-514
 role of business in, 157-73
Health care politics
 corporate power and, 157-73
Health Insurance Association of America, 72, 77
Health policy, 157-73, 335-56, 481-514

corporate power and, 157-73
cost containment and
 North America in international context
 regarding, 490-91
justice and, 335-56
AIDS and, 345-56
market-oriented, 481-514
per capita health expenditures and, 491
universal health care and, 495-514

Health services, 177-92
 infant mortality and, 179
 school, 190
 Swedish, 177-79, 187-91
 Swedish maternal and child, 188-91
Hearing
 low-level lead exposure and, 124-25
Herniated disk, 142-45
High blood pressure
 childhood precursors of, 519-38
 cross-sectional studies of, 524-27
 longitudinal studies of, 527-29

Hodgson v. Minnesota, 369

Holland
 consensus development in, 44, 57-61

Homicide
 firearms and, 18, 22-23, 25-29
 socioeconomic status and, 25

Human immunodeficiency virus (HIV)
 bioethics and, 345-56
 access to health care and financing and, 352-53
 confidentiality and, 350
 contact tracing and, 348-49
 education and, 349-50
 physician responsibility and, 351-52
 quarantine and, 346
 reporting and, 348

Hyde Amendment, 368-69
Hypertension
 childhood precursors of, 519-38
 cross-sectional studies of, 524-27
 longitudinal studies of, 527-29

I

Iatrogenesis
 back surgery and, 150

Indoor air pollution
 random and, 238, 242-51
Infant mortality, 177-92, 498-99

 Canadian, 498
 causes of, 178-81
 East Bloc countries and, 498
 socioeconomic status and, 180-81
 Swedish experience in, 177-92
 US, 498

Infants

 prenatal lead exposure and, 120-22

Infectious disease
 epidemiologic surveillance of, 257-78

Injuries

 trauma systems and, 401-22

Injury control

 firearms and, 18-21
 public health approach to, 34-36

Injury prevention

 educational interventions and, 19

 firearm, 17-37
 public health approach to, 34-36

Injury Severity Score, 405

Insurance

 national health
 corporate interests and, 163-64
 private, 67, 71-77
 public, 67, 71, 77-83
 social insurance approach to, 78-79

International Union Against Cancer, 398

Ixodes ticks, 85-86, 97-102
 hosts of, 97-100
 Lyme disease and, 85-86, 97-100

J

Jarisch-Herxheimer reaction, 94
Borrelia infections and, 94
Brucellosis and, 94
Lyme disease and, 94
Johns-Manville Company
 smoking cessation program of, 209, 226
Johnson & Johnson smoking
 cessation program, 212, 227, 229
Junk food, 312
Justice
 health policy and, 335-56

570 SUBJECT INDEX

K

- Kaiser Permanente Health Maintenance Organization, 163
- Kidney cancer
 - radon exposure and, 246-47

L

- Labor unions
 - role in reducing low back disability and, 153
- Laminectomy, 144-45
- Laser stimulation
 - laxative abuse, 319-20
 - low back pain and, 144, 152
- Lead
 - biological effects of, 114-22, 130-31
 - measurement of burden of, 132-33
 - new technology for, 132-34
 - neurobehavioral effects on children and, 115-22
- Lead abatement
 - hazards of, 113
- Lead exposure studies
 - common problems of design in, 116
 - issues in drawing inferences from, 126-29
- Lead Paint Poisoning Prevention Act of 1971, 112
- Lead poisoning, 111-36
 - low-level
 - blood pressure and, 125
 - child development and, 111-36
 - cognitive development and, 111-35
 - control of, 134-36
 - criminality and, 134
 - elderly and, 134
 - environmental sources of, 112-14
 - hearing and, 124-25
 - infant development and, 120-22
 - social cost of, 132
 - socioeconomic status and, 112, 120, 131-32, 134-35
 - stature and, 123-24
- Leukemia
 - radon exposure and, 246-47
- Life table, 282-305
- Longitudinal studies
 - blood pressure and, 527-29
 - cholesterol and, 533-34

- Long-term care financing, 67-83

- Brookings-ICF Long-Term Care Financing Model and, 69, 73
- private sector and, 71-77
- public sector and, 71, 77-83
- uninsured and, 82
- Lumbar spine fusion, 144-45
- Lung cancer
 - miners and, 239-41, 246-51
 - mortality, 426-55
 - radon exposure and, 235, 237-51
 - case control and cohort studies of, 243-46
 - correlation studies of, 246-47
 - indoor, 238, 242
 - occupational, 237-41
 - smoking and, 235, 247
- Lyme disease, 85-103
 - antigen testing for, 92
 - Borrelia burgdorferi* and, 85-87
 - cellular testing for, 90-91
 - clinical description of, 87-90
 - epidemiology of, 97-99
 - Ixodes ticks and, 85-86
 - pathogenesis of, 93
 - polymerase chain reaction testing for, 92-93
 - prevention of, 100-2
 - prognosis of, 94-96
 - serologic testing for, 90-92
 - therapy for, 94-96
 - Jarisch-Herxheimer reaction and, 94
 - vaccine for, 93-94
 - vectors of, 85-86, 97-99

M

- Major Trauma Outcome Study, 403, 405-6
- Male reproductive cancer
 - radon exposure and, 246
- Man-made vitreous fibers
 - cancer risk from, 459-78
- Massachusetts Business Roundtable, 167-78, 170
- Medicaid, 2-4, 67-71, 75-83, 164-73, 341-44
 - corporate power in health politics and, 164-73
 - mentally ill and, 2-4
 - resource allocation and, 341-44
- MediCal, 166-67, 169-70
 - corporate power in health politics and, 169-70
- Medical Outcomes Study, 11

Medicare

- corporate power in health politics and, 164-73
- mentally ill and, 2
- Medicare Catastrophic Coverage Act of 1988, 68, 73, 75, 82
- Melanoma
 - radon exposure and, 246-47
- Meningitis
 - Lyme, 88, 91, 96
 - therapy for, 96
- Mental health policy, 1-13
 - advocacy and, 11-12
 - AIDS and, 4
 - deinstitutionalization and, 2-23
 - drug abuse and, 4
 - elderly and, 4
 - Health Maintenance Organizations (HMO) and, 10-13
 - legal context of, 8-9
 - preventive community intervention and, 2
 - research and, 5-11
- Mental Health Systems Act of 1980, 3
- Mental illness, 1-13
- Microcomputers
 - epidemiologic surveillance and, 257-58, 266-78
 - early warning from, 270-72
 - graphics software for, 272-74
 - spreadsheet software for, 268-72
- Mine Safety and Health Administration, 195-202
- Mineral wool
 - cancer risk from, 460-78
- Mining, 195-99, 236-41, 246-51
 - pneumoconiosis and, 195-99
 - radon exposure and, 236-41
 - lung cancer and, 237-41
 - silicosis and, 239
- Minorities
 - smoking prevalence among, 215
- Mortality rates, 425-55
 - estimable functions and, 445-46
 - lung cancer, 426-55
 - Poisson regression and, 431-36
 - time trends and, 425-55
 - vital rates and, 428-31
- Motor vehicle injuries, 401, 403, 406-7
- Multiple decrement table, 283, 301-4
- Musculoskeletal disorders
 - occupational, 543-47

N

- National Alliance for the Mentally Ill, 12
- National Business Roundtable Health Care Task Force of the, 165, 167-68, 170
- National Children and Youth Fitness Study, 315
- National health insurance corporate interests and, 163-64
- National Institutes of Health consensus development in, 44-47, 50-52
- National Institute of Mental Health (NIMH) mental health policy and, 3, 10
- Neonatal mortality, 177-92
- Neuroborreliosis tertiary, 89
- Neurotoxicity low-level lead exposure and, 111-36
- "New federalism" mental health policy and, 3
- Nutrient needs adolescence and, 310-28 athletes and, 322-24 pregnancy during, 320-22 vegetarian diet in, 322-23 physically disabled adolescents and, 324-25 socially disabled adolescents and, 325-27

O

- Obesity adolescence and, 309-10, 312, 315-18 exercise and, 316 poverty and, 316-17, 325-27 racial traits and, 316-17
- Occupational disease, 543-63 carpal tunnel syndrome, 543-47, 551-54, 562 epicondylitis, 545, 551, 562 hand vibration syndrome, 543-45, 547, 554-55 musculoskeletal disorders and, 543-63 repeated trauma and, 543 video display terminals and, 558-62
- Occupational health low-back pain and, 148-53 radon exposure and, 237-51
- Occupational injuries public health strategy to prevent, 195-205

- compensation and, 200-1 costs of, 202-4 regulation and, 197-98 research and, 198-99 unions and, 201-2
- Oregon Health Services Commission resource allocation and, 341-44, 355
- Organization for Economic Cooperation and Development control of tobacco use and, 385-86, 394-95

P

- Paint low-level lead exposure from, 112
- Pancreatic cancer radon exposure and, 246
- Passive smoking worksite smoking control and, 210-30
- Pepper Commission, 68, 79, 495
- Perinatal mortality, 177-81 socioeconomic status and, 180-81
- Physician behavior, 41-61
- Physician payment, 481-514 Canada and, 503-4
- Physician responsibility, 351-52
- Physician surpluses, 508-10
- Pneumoconiosis coal workers', 195-99 surveillance of, 199-200 lung cancer risk and, 240
- Poisson regression, 431-36
- Politics health care, 157-73
- Polymerase chain reaction testing for Lyme disease via, 92-93
- Postabortion stress syndrome, 376
- Potential lifetimes, 283-85
- Poverty anemia and, 318-19 homicide and, 25 infant mortality and, 180-81 low-level lead exposure and, 112, 120, 131-32, 134-35 nutrition and, 325-27 obesity and, 316-17 perinatal mortality and, 177-81
- Practice guidelines, 41-61
- Pregnancy adolescent, 320-22

- Pregnancy outcomes maternal age-related risk and, 179 parity and, 179 standard of health services and, 179-92 standard of living and, 178-80
- Sweden and, 177-92
- Presidential Commission on the Human Immunodeficiency Virus epidemic, 345, 349, 352-53
- Preventable death trauma treatment and, 404-10
- Probabilities crude, 285, 287-94 partial, 287-94 estimation of, 294-305 cohort studies and, 294-95 current population mortality analyses and, 297-300 medical follow-up studies and, 295-97 net, 285, 287-94
- Proportionality competing risks and, 290-91
- Protein utilization dietary exercise and, 310
- Puberty body composition and, 313-15 exercise and, 313-15 nutrient needs during, 311-15 physical capacity and, 313-15

Q

- Quality of life, 283

R

- Radon epidemiology, 236-51 household exposure and, 238, 242-51 occupational exposure and, 234-41, 246-51
- Radon exposure bladder cancer and, 246 breast cancer and, 246 kidney cancer and, 246-47 lung cancer and, 235, 237-49 male leukemia and, 246 male reproductive cancer and, 246 melanoma and, 246-47 myeloid leukemia and, 246-47 pancreatic cancer and, 246 risk estimates for, 249-50

572 SUBJECT INDEX

- smoking and synergy with, 247-49
- stomach cancer and, 239, 246
- Rand Health Insurance Experiment, 10
- Randomized controlled trial, 52-54
- Rationing
